## Festival on the Green Village Days 2018

Dear Artisan:

Honeoye Falls annual Festival on the Green Village Days will be held June 15, 16, and 17, 2018. Beginning Friday evening at Fireman's Field on Monroe Street with a 5K Run/Family Health Walk, foods available via the Honeoye Falls Fire Dept. (*Iron Fireman Plate*), live music, and the traditional fireworks display at 10 pm, this will be our Opening event. Note the beneficiary of the Run/Walk this year will be Benincasa.

Following much discussion with both vendors and attendees over the winter months, we have made some changes. This year we will have limited Vendor/Artisan space at Harry Allen Park; the fee for an 11 x 11 space placed toward the front half of the Green will be \$60 for a two-day reservation, which entitles you to participate both Saturday and Sunday or either one of those days (non-profit fees – VERY limited – are \$40.) Again, the vendor spaces are limited due to additional Music offerings, and extended Children's Area. Exhibitors provide their own tables, chairs, and canopies or tents. It is suggested you bring a source of electricity – that is not guaranteed in the Park. Limited handicapped parking for attendees will be available; vendors will park down the street once their items have been dropped off. The deadline to reserve space is May 15; please get your application in early. After May 15, the fee will be \$65. Also, cancelling after May 30, the booth fee will be forfeited. No applications or calls inquiring will be accepted after June 1, 2018. **Upon receipt of detailed application and fee, you will be contacted with approval; do be sure to have a legible phone or email address on the form!**

New this year, we will enjoy the presence of the 28<sup>th</sup> New York State Infantry re-enactors over the weekend; they will be camping and sharing that lifestyle at the North Main St Park aka Rotary Park. This area runs along the back of the older part of the Honeoye Falls Cemetery, and alongside Honeoye Creek. Please feel welcome to enjoy this addition.

There will be two music arenas set up in Harry Allen Park this year, providing both exciting local and statewide -known music choices for all. There will also be festivities at CB's Craft Brewers just down West Main Street – we are so pleased to offer different venues in three areas of our quaint village this year!

Monroe County Sheriff's will be on-site providing over-night security Saturday; they will also be on-site during the day both Saturday and Sunday. However we cannot guarantee safety for items and should you set up early, or leave overnight, it is your responsibility to secure those items.

Please remember this is an outdoor event, as are most of the others you will participate in this summer, and plan accordingly. We do look forward to having you join us for our easy-paced venue!

Additional information will be continually updated on the festival website ([www.festivalonthegreen.us](http://www.festivalonthegreen.us)) and on the Village of Honeoye Falls website. Additional Artisan applications, Food Vendor applications, and 5K participant's applications are also available at those sites.

Thank you for your interest in Festival on the Green/Village Days in Honeoye Falls!

Deb Milne-O'Brien and the Festival Committee
